How to Set Up Appointments on Your Haircut Now Listing

Getting Started with Appointments · https://haircutnow.com/docs/how-to-set-up-appointments-on-your-haircut-now-listing/

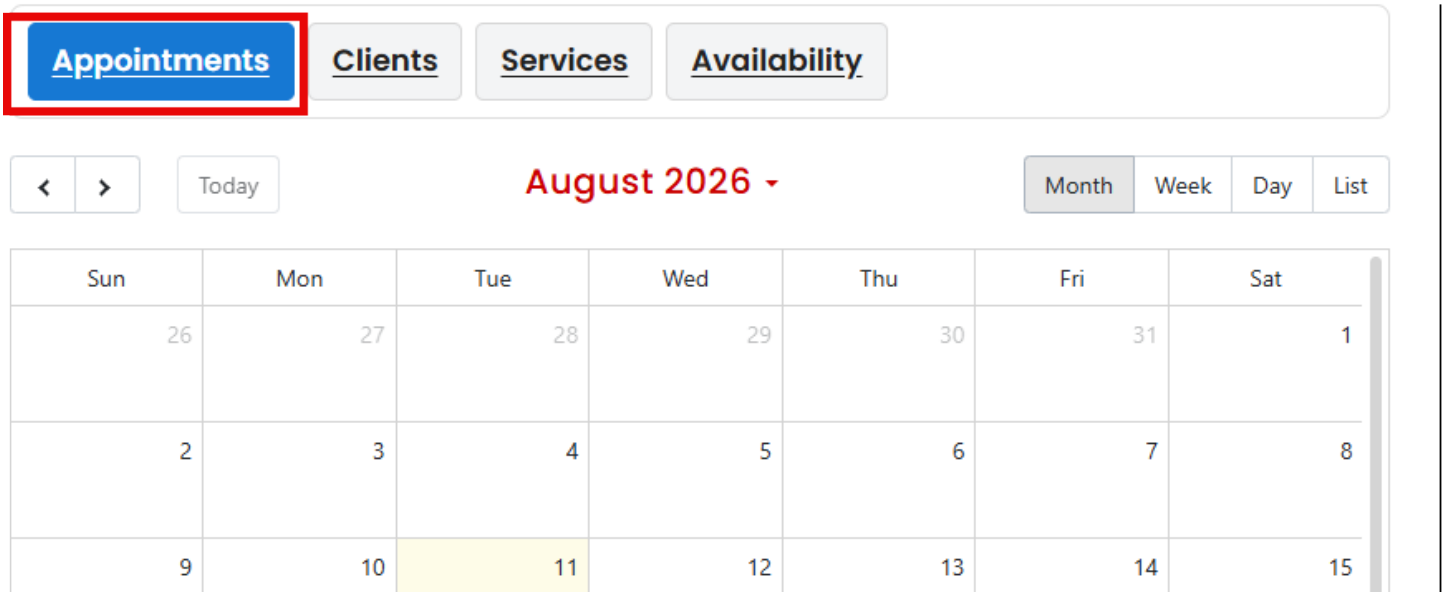

Before clients can book you, you should complete your appointment setup.

Step 1: Sign in

Sign in to the account that owns your claimed Premium individual listing and open Booking Manager or My Appointments.

Step 2: Open Appointments

Use the **Appointments**, **Clients**, **Services**, and **Availability** navigation in your booking dashboard.

Step 3: Add your services

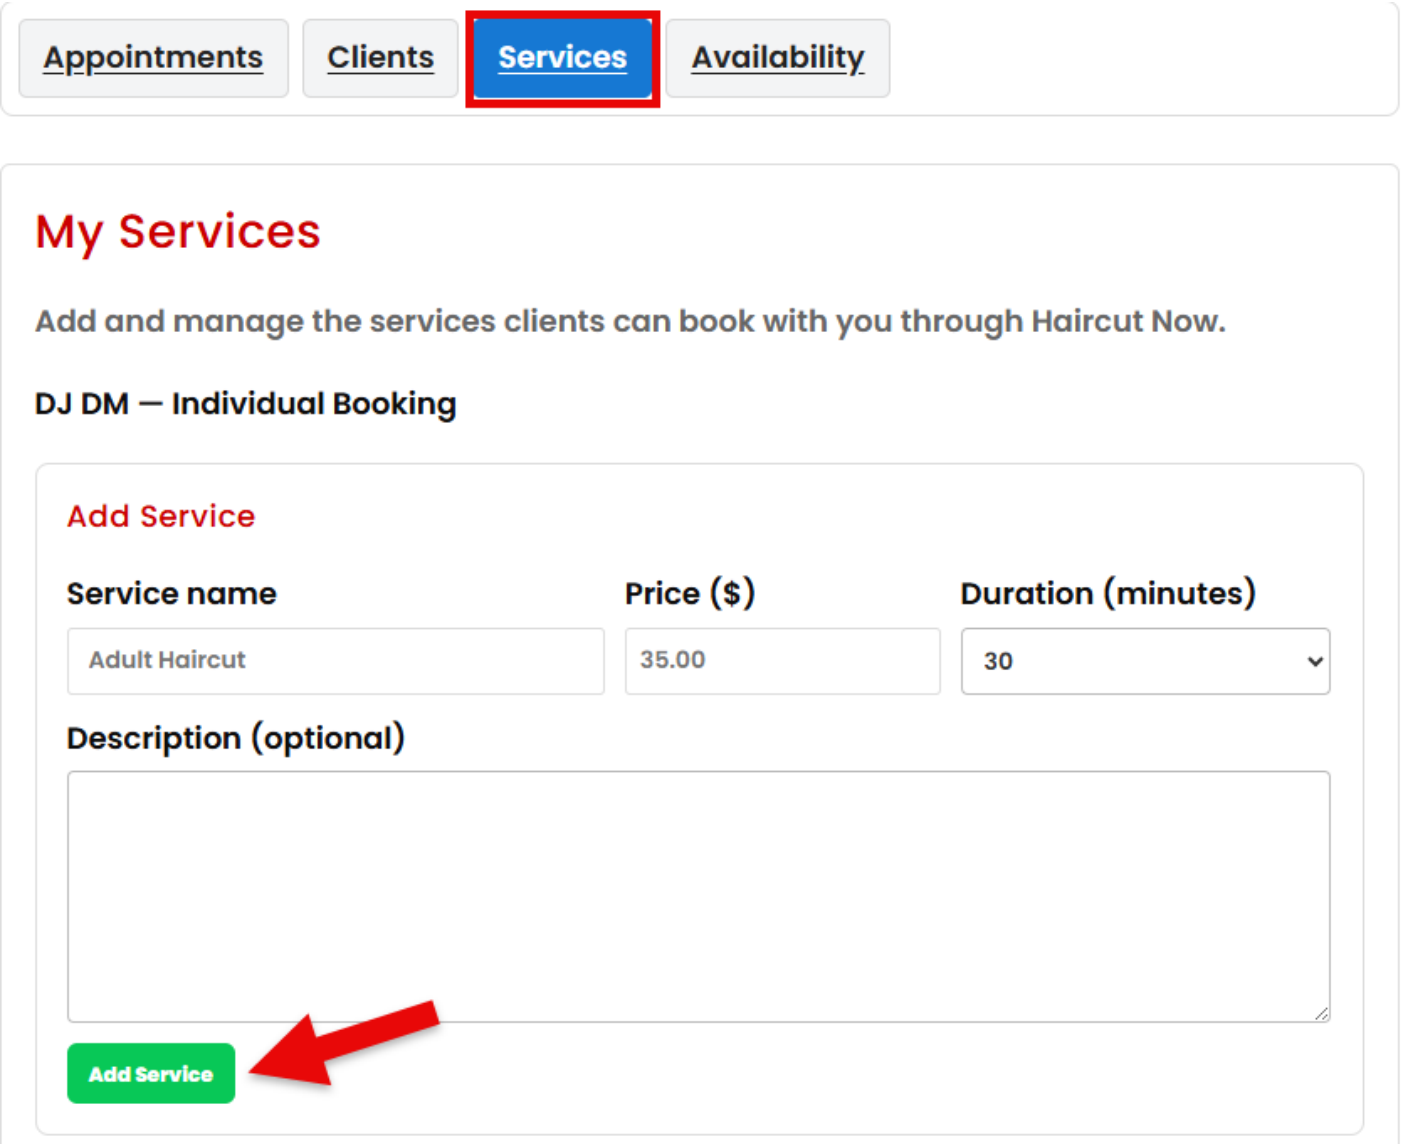

Create the services you want clients to be able to book.

For each service, make sure you enter the correct:

- Service name

- Price
- Appointment duration

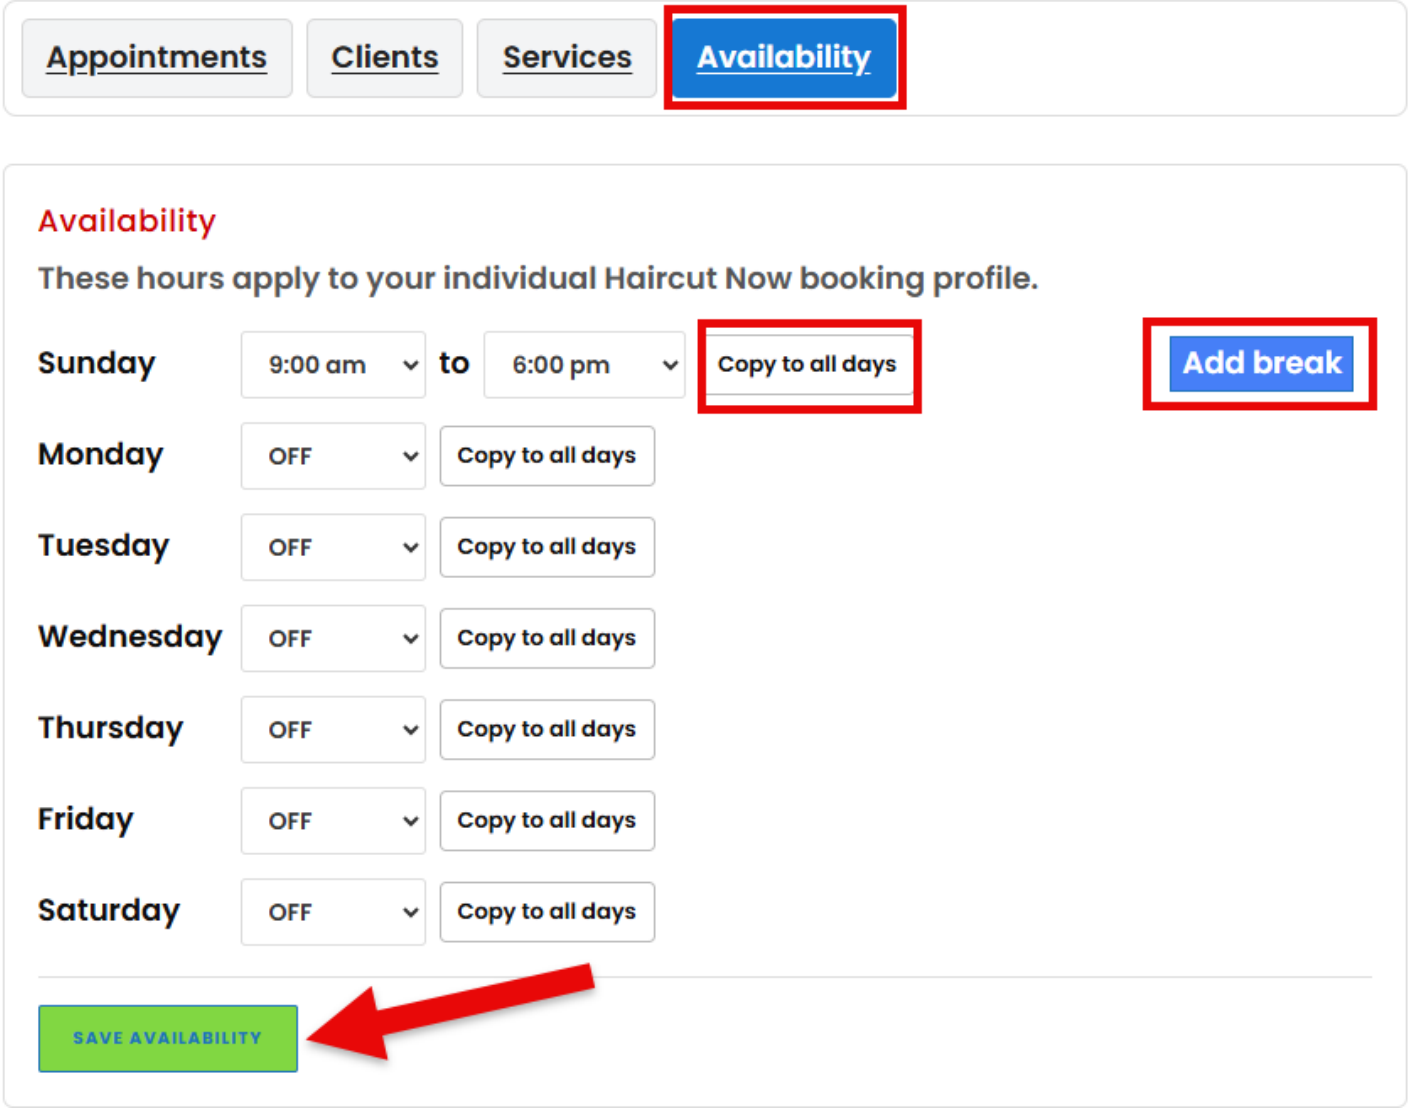

Only offer services you are prepared to provide through online booking.

Step 4: Set your availability

Choose the days and times when clients are allowed to schedule appointments.

Your available times should reflect when you are actually available to accept booked clients.

Step 5: Review your setup

Before promoting online booking, make sure:

- Your services are correct.
- Prices are accurate.
- Appointment durations provide enough time.
- Your availability is current.
- Your phone number and email address are correct.

Once your setup is complete, clients can book available appointments directly from your listing.

How to Find a Barber Available Today

Need a haircut today? You can look for an available online appointment or send a same-day request to participating barbers.

How Same-Day Requests Work for Barbers

Haircut Now’s same-day request feature connects clients who need a haircut soon with nearby barbers who may have availability. Instead of contacting barbers individually, a client submits a single request through Haircut Now. Eligible barbers near the client are notified and can review the request before deciding whether to accept it. How the Process Works […]

What Is Haircut Now?

Haircut Now connects clients with barbers and provides business tools for individual professionals and shop owners.
